

## **MEMORANDUM**

**TO:** Heads of All Departments and Activities  
**FROM:** Maurice W. Scherrens  
**DATE:** June 14, 2010  
**SUBJ.:** Operating Budgets, 2010-11

The 2010-11 annual operating budget for your department is now available. This budget is consistent with the total University operating plan approved by the Board of Visitors. A summary which reviews the current budget policies for 2010-11 is also available on the Budget Office website at <http://budget.gmu.edu>.

Inherent in this distribution is the assumption that your expenditures in 2009-10 were within the budgeted funds available. Your cooperation in managing your budgets during 2009-10 is greatly appreciated, and your continued maximization of available resources is essential to the University's continual progress. To assist you in understanding your budget and your monthly reports, the Office of Budget and Planning is available at any time for assistance.

If you need assistance in understanding the planned funding available to you this coming fiscal year, please contact the Budget staff supporting your unit. Further, if you would like help in how you might enhance your management of these funds, the Office of Budget & Financial Planning will be glad to meet with you and offer suggestions. The following individuals are available for help at any time:
